# PRODUCT OVERVIEW

Innovation, versatility and imaging excellence all merge in the new EOS C400, the full-frame, RF-mount cinema camera tailored for boundless creativity. The compact camera body is well-appointed and includes Canon's newly-developed 6K full-frame Back-Illuminated Stacked CMOS sensor. The EOS C400 features 6K/60p Cinema RAW Light and 4K/120p internal recording along with Canon's next-generation Dual Pixel CMOS AF II, among other outstanding features. Additionally, the EOS C400 has a variety of interfaces, including return input, Ethernet, and Wi-Fi, enabling control from various Canon and third-party devices.

The EOS C400 is the ideal fusion of both functionality and form, and seamlessly integrates into almost any production with its robust and compact design.

# FEATURES

- 6K Full-Frame Back-illuminated stacked CMOS sensor supports Super 35mm and Super 16 modes
