

GeNetix Switch 8 (GS8)

Product Code: CS300066

GeNetix Switch 8 is an eight-port unmanaged Gigabit PoE network switch that provides a total output of up to 200W of Power over Ethernet across its 8 ports. Ports 1-4 support IEEE 802.3bt up to 100W per port. In modes A & B, all ports support 802.3af and 802.3at standards. This rack mountable switch features a rear PowerCon True1 Mains input connector and is also truss mountable via its M12 threaded insert.

Features

- 200w 8 port Unmanaged Gigabit PoE Network Switch
- Supports Multiple PoE Specifications: Ports 1-4 802.3bt and on all ports 802.3af, 802.3at in Modes A & B
- Locking Ethernet Connectors
- PowerCon True1 Top Mains Input
- Desktop or 19" Rack Mountable (1U)
- M12 Threaded Insert for optional Clamp Mounting

Specifications

Hardware Specification

- Network Ports: 8
- Mains Input: PowerCon True1 Top
- Port Status LEDs: Yes
- 802.3af and 802.3at in Modes A & B: Yes
- 802.3bt up to 100W per Port: Ports 1-4
- Removable Rack Ears

Software Specifications:

- Gigabit Ethernet
- Unmanaged Network Switch

Included Accessories:

- PowerCon True1 Top Mains Cable

Weights and Dimensions

- Width (No Rack Ears): 330mm (12.99")
- Width (With Ears): 482mm (18.98")
- Depth: 172mm (6.77")
- Height: 43mm (1.69")
- Weight: 2.05 KG (4.52 lbs)
