

Product Overview:

Protect your LWR-1020 Wi-Fi Audio Receivers with this rugged case. This sleek profile case provides good coverage of the corners, edges, and back of the receiver to protect it from accidental drops and impacts, ensuring that your device and your investment is protected on day one. Consisting of both a soft inner rubber layer as well as a hard outer polycarbonate shell, this case is designed and has been tested to absorb and deflect impacts. With its pocket-friendly design and slim profile, this case allows for easy handling of your LWR-1020 receivers!

This protective case is compatible with LWR-1020 Wi-Fi Audio Receivers sold after March 10, 2023.

This product is being offered to you from Listen Technologies who has no affiliation with the original manufacturer. All product warranties and support are offered solely from Listen Technologies.
